We came into contact with certain men, endowed with such mysterious powers and such profound knowledge that we may truly designate them as the sages of the Orient. To their instructions we lent a ready ear....The work now submitted to public judgment is the fruit of a somewhat intimate acquaintance with [these] Eastern adepts and study of their [esoteric & occult] science." H.P. Blavatsky, *Isis Unveiled*, 1877

"H.P. Blavatsky...is regarded by all modern theosophical movements as the most important theosophical writer and teacher of the modern era." Robert Ellwood, author of *Religious and Spiritual Groups in Modern America* and other valuable works

"Helena Petrovna Blavatsky...[is]...the most insightful and comprehensive teacher of esoteric philosophy in modern

times...." Shirley Nicholson, author of *Ancient Wisdom, Modern Insight*.

"...Madame Blavatsky...stands out as the fountainhead of modern occult thought...." J. Gordon Melton, Jerome Clark and Aidan A. Kelly, authors of *New Age Almanac*. 1991.

"Helena Petrovna Blavatsky...is surely among the most original and perceptive minds of her time....[In her two major books]....lies...the first philosophy of psychic and spiritual evolution to appear in the modern West...." Theodore Roszak, author of *The Unfinished Animal*.

"Blavatsky's esoteric synthesis has served as a basic source for later esotericists, literati, scientists, and entire movements, including the New Age. Unlike most of her contemporaries, she is as visible today as any modern trendsetting guru, and she will most likely remain the most memorable and innovative esotericist of the 19th century." James A. Santucci, Editor of *Theosophical History*.
